ASSIGNMENT:** This Agreement is of a personal nature and Land Conservancy shall not assign, sublet, pledge or otherwise transfer this Agreement, either voluntarily or by operation of law, in whole or in part, except to another public agency or similar non-profit organization, and with prior written agreement by both parties.

**14. AMENDMENTS AND MODIFICATIONS:** This Agreement contains all agreements of the parties with respect to any matter mentioned herein. No prior or contemporaneous agreement or understanding pertaining to any such matter shall be effective. This Agreement may be modified in writing only signed by the parties in interest at the time of the modification.

**15. ENVIRONMENTAL MATTERS/COVENANTS REGARDING HAZARDOUS MATERIALS:** Land Conservancy and the County shall at all times and in all respects comply with all federal, state and local laws, ordinances and regulations ("Hazardous Materials Laws") relating to industrial hygiene, environmental protection or the use, analysis, generation, manufacture, storage, disposal or transportation of any oil, flammable explosives, asbestos, urea formaldehyde, radioactive materials or waste, or other hazardous, toxic, contaminated or polluting materials, substances or wastes, including, without limitation, any "hazardous substances," "hazardous wastes," "hazardous materials" or "toxic substances" under such laws, ordinance or regulations (collectively, "Hazardous Materials").

Land Conservancy and the County shall further indemnify, defend, protect, and hold each other free and harmless from and against any and all claims, liabilities, penalties, forfeitures, losses or expenses (including attorneys' fees) or death of or injury to any person or damage to any property whatsoever, arising from or caused in whole or in part, directly or indirectly, by:

(A) the presence in, on, under or about the premises or discharge in or from the premises

of any Hazardous Materials or Land Conservancy's or the County's use, analysis, storage, transportation, disposal, release, threatened release, discharge or generation of Hazardous Materials to, in, on, under, about or from the premises, or

(B) Land Conservancy or County failure to comply with any Hazardous Materials Law. Mutual obligations by both parties hereunder shall include, without limitation, and whether foreseeable or unforeseeable, all costs of any required or necessary repair, cleanup or detoxification or decontamination of the premises, and the preparation and implementation of any closure, remedial action or other required plans in connection therewith, and shall survive the expiration or earlier termination of the term of this Agreement. For purposes of the release and indemnity provisions hereof, any acts or omissions of Land Conservancy or by employees, agents, assignees, contractors or subcontractors of Land Conservancy or others acting for or on behalf of Land Conservancy (whether or not they are negligent, intentional, willful or unlawful) shall be strictly attributable to Land Conservancy, and any acts or omissions of County or by employees, agents, assignees, contractors or subcontractors of County or others acting for or on behalf of County (whether or not they are negligent, intentional, willful or unlawful) shall be strictly attributable to County.

**16. HOLD HARMLESS AGREEMENT:** Both the Land Conservancy and the County shall, except in the event of the other party's sole negligence or willful misconduct, defend, indemnify and hold harmless the other party, its officers and employees from any and all claims and demands, costs, expenses, judgments, attorney fees or liabilities that may be asserted by any person or entity that arise out of or in connection with the acts or omissions relating to the performance of any obligation or duty provided for or relating (directly or indirectly) to this Agreement or the Premises hereunder. The obligation to indemnify shall be effective and shall extend to all such claims and losses, in their entirety, even when such claims or losses arise from the comparative negligence of the other party, its officers and employees. However, this indemnity will not extend to any claims or losses arising out of the sole negligence or willful misconduct of the other party, its officers and employees.

The preceding paragraph applies to any theory of recovery relating to said act or omission by either the Land Conservancy or the County, or their agents, employees or other independent contractors directly responsible to either party, including, but not limited to, the following:

- A. Negligence or recklessness.
- B. Gross negligence, or other wrongful acts, including failures to act.
- C. Premises liability.
- D. Violation of statute, ordinance, or regulation.
- E. Violation of civil rights.

- F. Violation of any federal or state statute, regulation, or ruling resulting in a determination by the Internal Revenue Service, California Franchise Tax Board or any other California public entity responsible for collecting sales or payroll taxes, when the Land Conservancy is not an independent contractor.

It is the intent of the parties to provide the fullest, mutual indemnification, defense, and hold harmless rights allowed under the law. If any word(s) contained herein are deemed by a court to be in contravention of applicable law, said word(s) shall be severed from this Agreement and the remaining language shall be given full force and effect.

17. **Insurance:** Both the Land Conservancy and the County shall obtain and maintain for the entire term of the Agreement and shall not perform any work on the Premises under this Agreement until after they have obtained insurance, or proof of legally valid self-insurance, complying with the provisions of this paragraph, delivered a certified copy of each insurance policy to the other party and obtained the other party approval of all such policies. Said policies shall be issued by companies authorized to do business in the State of California, or otherwise approved by the County Risk Manager and the Land Conservancy's Executive Director. Both The Land Conservancy and the County shall maintain said insurance in force at all times. The following coverage with the following features shall be provided:

A. **General Liability Insurance:** Land Conservancy and the County shall maintain in full force and effect for the period covered by this Agreement, general liability insurance. This insurance shall include, but shall not be limited to, comprehensive general and automobile liability insurance providing protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from any act or occurrence arising out of either party's operations in the performance of this Agreement, including, without limitation, acts involving vehicles. The policy shall provide not less than single limit coverage applying to bodily and personal injury, including death resulting therefrom, and property damage in the total amount of One Million Dollars (\$1,000,000). The following endorsements must be attached to the policy:

- (1) If the insurance policy covers on an "accident" basis, it must be changed to "occurrence".

- (3) Blanket contractual liability must be afforded and the policy must contain a cross liability or severability of interest endorsement.

B. **Workers' Compensation Insurance:** In accordance with the provisions of sections 3700 of the California Labor Code, et seq., if either party has any employees, said party is required to be insured against liability for workers' compensation or to undertake self-insurance. Both parties agree to comply with such provisions before commencing the performance of this Agreement.

**C. Property Insurance:** The Land Conservancy shall maintain in full force and effect for the period covered by this Agreement, property insurance. This insurance coverage shall include all structural improvements on the premises.

**D. Additional Insured to be Covered:** The professional liability and comprehensive liability policies maintained by each party shall name the other party, its officers, employees, and agents as additional insured. The policy maintained by each party shall provide that it will operate as primary insurance and that no other insurance maintained by the other party or additional insured will be called upon to contribute to a loss hereunder.

**E. Certification of Coverage:** Prior to commencing work under this Agreement, both parties shall furnish the other party with the following for each insurance policy required to be maintained by this Agreement:

(1) A copy of the Certificate of Insurance shall be provided. The certificate of insurance must include a certification that the policy will not be canceled or reduced in coverage or changed in any other material aspect without thirty (30) days prior written notice to the other party.

(2) A copy of the Workers' Compensation policy need not be provided, but a copy of proof of coverage does need to be provided.

(3) Upon further written request, each party shall provide a copy of the entire insurance policy and not just the "face sheet" or proof of coverage.

(4) Approval of Insurance by the Land Conservancy or the County shall not relieve or decrease the extent to which the Land Conservancy or the County may be held responsible for payment of damages resulting from either party's services or operations pursuant to this Agreement. Further, Land Conservancy's or the County's act of acceptance of an insurance policy does not waive or relieve either party's obligations to provide the insurance coverage required by the specific written provisions of this Agreement.

**F. Effect of Failure or Refusal:** If either party fails or refuses to procure or maintain the insurance required by this Agreement, or fails or refuses to furnish the other party with the certifications required by subparagraph (D) above, each party shall have the right, at its option, to forthwith terminate the Agreement for cause.

**18. INSPECTION:** Land Conservancy and the County shall have the right, with reasonable notice and at reasonable times, to inspect the Premises.

**19. EVENTS:** County Parks may issue permits for activities consistent with the use of the Bob Jones Pathway and in cooperation with the Land Conservancy. Scheduling of events shall be coordinated with the Land Conservancy's Octagon Barn Center Calendar and shall be subject to prior approval, which shall not be unreasonably withheld, by Land Conservancy. The

Land Conservancy shall coordinate events with the County,

20. **SUBORDINATION:** This Agreement shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, "Security Device"), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. The parties agree that the holders of any such Security Devices (in this Agreement together referred to as "Lender") shall have no liability or obligation to perform any of the obligations under this Agreement. Any Lender may elect to have this Agreement superior to the lien of its Security Device by giving written notice thereof to the parties, whereupon this Agreement shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

21. **TIME:** Time is of the essence in the performance of the parties' respective obligations under this Agreement.

22. **SUCCESSORS:** This Agreement shall inure to the benefit of and shall be binding upon the parties hereto and their respective heirs, successors and assigns.

23. **COOPERATION; WAIVER AND SEVERABILITY:** Each party to this Agreement agrees to cooperate with the other party to carry out the intent and purposes of this Agreement, including without limitation the execution and delivery to the appropriate party of all further agreements and other documents as may reasonably be required in order to carry out the intent and purposes of this Agreement. No waiver of any provision hereof or in any related documents or instruments shall be effective unless made expressly and in writing and executed by the party sought to be charged or in the name of the party sought to be charged. The failure of any party to insist, in any one or more instances, on performance of any of the terms and conditions of this Agreement, shall not be construed as a waiver or relinquishment of any rights granted hereunder or of the future performance of any such term, covenant or condition, but the obligations of the parties with respect thereto shall continue in full force and effect. In the event any of the provisions or a portion of any provision of this Agreement are held to be unenforceable or invalid by a court of competent jurisdiction, the validity and enforceability of the enforceable portion of any such provision and/or the remaining provisions shall not be affected thereby.

2. **COUNTERPARTS; SIGNATURES:** This Agreement may be executed in counterparts, including facsimile and PDF signatures, each of which shall be deemed an original, but all of which, taken together, shall constitute one and the same instrument.

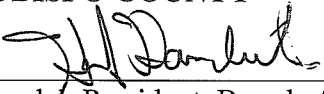

25. **RELATION OF PARTIES:** This Agreement does not constitute a partnership, joint venture or agency between the parties, nor shall either party be bound or become liable because of any representation, action or admission of the other.

26. **AUTHORITY:** The execution, delivery and performance of this Agreement by the undersigned have been duly and validly authorized by all necessary actions and proceedings, and no further action or authorization is necessary on the part of any party in order to consummate the transactions contemplated herein.
